

American Institute of Professional Geologists (AIPG) Georgia Section Presents:

**2nd Conference on: Innovative Environmental Assessment and
Remediation Technology (September 23 & 24, 2009)**

Dear professional colleagues:

In these tough economic times, people and business are watching every dollar. However, your professional qualifications are more important than ever.

By participating in the **Second AIPG Innovative Environmental Conference** you can earn up to **14 CEU's** for a price of **\$110 (AIPG Members)**. What a **VALUE !!!** Please join us at the Kennesaw Continuing Education Conference Center on September 23 & 24, 2009.

- Hear discussions on the latest technology regarding environmental assessment and remediation given by regulators, engineering and geological consultants, and site owners.
- Meet potential clients, contractors, government regulators, university professors, service providers, and old friends.
- Funds raised help support Professional Geologist's interests in Georgia and Student AIPG members throughout Georgia.
- View the latest technologies with multiple vendor exhibitors to help you assess your remediation needs.

Topics for discussions include:

- Chemical treatment, use of surfactants
- Phytoremediation of a petroleum-contaminated site
- Characterization of DNAPL Plume
- Cost analysis of anaerobic dechlorination of dry-cleaner sites
- Pilot testing techniques and evaluation of remedial options
- Geologic control of groundwater at hazardous waste sites,
- Soil vapor analysis to determine human health and safety impacts
- Many more.....
